RHAL SERIES

Reduce Energy Bills

Reducing monthly energy bills is easier than ever with the Ruud RHAL Air Handler. The unit is designed to exceed minimum efficiency standards – delivering savings every time it is in use.

Benefit-Packed Operation

The unique design of Ruud RHAL Series Air Handlers allows for easy filter replacement and protects your home from damaging condensation run-off.

Reliability and Durability

Solid construction ensures quiet operation and provides quality assurance backed by a 10-year conditional parts warranty.

RELY ON RUUD.™

RELY ON RUUD.™

For more than a century, Ruud has been a **name synonymous with reliability**. We engineer our air handlers with durability in mind, testing and retesting to guarantee a superior product. In addition, we work hard to bring you energy-efficient products that reduce your monthly energy costs, so you can be sure you're getting long-lasting value and comfort with any Ruud product you purchase.

EXPERIENCE THE BENEFITS OF GUARANTEED COMFORT

At Ruud, we understand the needs of everyday living, which is why the Ruud RHAL Air Handler was designed to provide homeowners like you highly efficient operation with improved energy savings and greater comfort.

Flexible Performance The Ruud RHAL Series Air Handler is designed to meet the needs of a variety of systems. This air handler is suitable for R-22 applications and can be used for replacing an old unit or for new construction.

Simple Installation The Ruud RHAL Series Air Handler includes wall-hanging brackets, designed to make installation short and simple. AHRI and UL certifications help guarantee that, post-installation, the unit operates as advertised.

Efficient Heating & Cooling With the Ruud RHAL Air Handler, you have the choice between a higher- or lower-efficiency unit. However, both options deliver comfortable cooling while still helping to manage the household budget. The factory-installed indoor cooling coil is the key component for your air handler. The coil is essential to humidity control and improved system performance, and the high-quality standards used in manufacturing result in fewer maintenance calls.

EXPERIENCE LONG-LASTING QUALITY & DURABILITY

Affordable and Reliable The Ruud RHAL Air Handler is certified and independently verified, delivering guaranteed comfort for your home that's affordable.

Adaptable Design Ruud Air Handlers are designed to be durable and long-lasting. A unique drip pan feature protects your home from potentially damaging condensation run-off, delivering peace-of-mind, in addition to greater comfort.

Optional Electric Heat When a heat pump is paired with the unit, Ruud Air Handlers can also provide efficient heating for your home. An optional electric heater kit can be added to keep you warm all winter long.

Simple Service Ruud Air Handlers have been engineered to provide your technician easy access to all internal components, helping any service time stay short and simple.

BENEFITS AT-A-GLANCE

Efficiency:

Up to 14.5 SEER

Refrigerant:

Industry standard R-410A. Also suitable for R-22 applications.
