RUUD.COM

UPNL-JAZ SERIES EFFICIENCIES UP TO 15 SEER

Advanced Energy Savings

Advanced engineering lowers energy usage while keeping you and your family comfortable.

Low-Cost Maintenance

Built for easy maintenance and serviceability, keeping expenses to a minimum.

Reliability and Durability

Solid construction ensures quiet operation, shields against environmental hazards and provides quality operation backed by a 10-year conditional parts warranty.

RELY ON RUUD.™

RELY ON RUUD.™

For more than a century, Ruud has been a **name synonymous with reliability**. We engineer our heat pumps with durability in mind, testing and retesting to guarantee a superior product. In addition, we work hard to bring you energy-efficient solutions that reduce your monthly energy costs, so you can be sure you're getting long-lasting value and comfort with any Ruud product you purchase.

EXPERIENCE THE BENEFITS OF GUARANTEED COMFORT

Even on good days, life can seem overwhelming. To give homeowners like you one less thing to worry about, the Ruud *Achiever Series* Heat Pump is designed to offer highly efficient cooling and heating operation to increase your comfort level while lowering your energy usage.

Energy-Efficient Cooling & Heating Legendary Scroll® compressor technology delivers proven durability and greater efficiencies, maintaining a higher comfort level with less electricity used. Your energy savings are further increased by cooling and heating efficiency ratings of up to 15 SEER and 10.3 HSPF.

Simply Attractive In addition to the low-profile design, the neutral color allows for equipment placement that doesn't take away from the beauty of your home.

Quiet Operation Excessively loud noise levels are eliminated by the compressor's outer blanket, which lowers the sound of the unit's overall performance.

Low-Cost Maintenance Convenient access to internal components means that contractors can make most adjustments without shutting the entire system down, keeping their time and your cost to a minimum.

EXPERIENCE LONG-LASTING QUALITY & DURABILITY

We understand that purchasing heating and cooling equipment is an investment. With Ruud, you can rest easy knowing you're getting maximum comfort with industry-leading reliability. We've designed the Ruud *Achiever Series* for durability and performance.

Solid Construction A galvanized steel cabinet protects the coil from hail, lawn debris and other erosive elements.

Durable Finish Powder-painted metal cabinet finish exceeds the industry 1,000-hour salt-spray testing requirement, defending it against environmental hazards and rust, keeping your investment looking good for years to come.

Ruud Reliability Complete factory run testing ensures your Ruud equipment operates at peak performance before being installed in your home.

BENEFITS AT-A-GLANCE

Cooling Efficiency:
Up to 15 SEER/12.75 EER

Heating Efficiency:
Up to 10.3 HSPF

Available Sizes:
1.5 – 5 ton

Compressor:
Scroll® compressor

Sound Level:
As low as 72 dB (similar to the sound level of a dishwasher)

Refrigerant:
Industry standard R-410A

Limited Warranty*:
Conditional parts warranty - 10 years
